

Sisters of the ESTHERORITY Project

“Crowning women in Kingdom purpose”

“It’s not a Sorority, it’s way more than that. It’s forging a bond among women while grooming them for divine purpose in the Kingdom of God. And this grooming starts with our little girls. Society wants to shape the minds of children into many things, and a lot of these things lead them away from their divine path on this earth. We are here to re-align and re-order those steps that lead to a life living victoriously in Christ... and we’re gonna be extra fancy while we’re at it, as every child of the Heavenly and Eternal King should be.”

INTRODUCTION

Outline:

The Sisterhood of The Estherority Project (STEP), is a Prestigious Christian Program under the Spirit of Esther Ministries. It is a mentorship program, inspired by the life of the biblical Queen Esther. It targets women, who much like Esther, would be transformed to realize their divine identity and purpose and learn how to walk in it.

Overview:

Prior to becoming a Queen, Esther endured a purification and grooming process for 12 months before she could be brought to the King. We call that 12-month period the 'Process'. Throughout this 'Process', our women are taught to find their identity, unleash their God-given purpose, and be transformed into virtuous women with upright standing from the principles in Proverbs 31 that speak of the woman of noble character. These women will become Godly role models; Queens, at the end of their training, and they will look and act the part. They will in turn be able to invest in other women's lives, changing the world one life at a time.

STEP is a program set in the form of a Sisterhood, where women experience fellowship and bonding with other women.

Each woman's grooming and training takes place via our own 'Esther Spirit Academy'. This state-of-the-art online program is our spiritual grooming portal, designed to provide the necessary life-equipping skills for women to become more in-depth with themselves and to function effectively in their lives.

Finally, the highlight of the program is that every member will become royalty like Queen Esther. Therefore, at the end of each year of their training, they will graduate with the actual title of royalty, wearing a real crown and full royal regalia! The more a member continues with her training and moves up in rank, the higher their royal title will be. There really is no end to the program, it is a lifetime membership. We believe every member has the right to become Royalty as the Apostle Peter described every believer as being part of a royal priesthood. Esther was a lowly Jewish orphan girl who became the Queen of Persia and managed to save the whole Jewish nation from total annihilation. There is royalty and extraordinary purpose in you!
